Mental Health

Attention is like rocket fuel for growing anything. What you attend to grows… so watch your attention. Dr. Henry Cloud

Health Nugget

What is sticky, chewy, packed with sugar, and bad for your teeth? Raisins, right?—Not so. Raisins actually contain a chemical that inhibits the growth of that enemy of enamel, the bacteria Strep mutans. So if you enjoy raisins, chew to your heart's content. They are packed with good nutrition and are anti-cavity in their effect. Who else but Jesus could produce such a sweet and healthy treat! Berkeley Wellness Newsletter
